Gaming
Virtual Reality
Photography
Sailing
Learning new skills
Being social
Traveling

Languages

Native - Frisian
Native - Dutch
Professional - English

Introduction

I am Jesse Visser, I study Creative Technology and try to be as active as possible during my student life. That is why I am currently doing a board year at S.A. Proto, the study association of BSc. Creative Technology and MSc. Interaction Technology.

I consider myself a creative technologist. I like to tinker around and learn new skills. I do quite a lot of web development and design, and I currently have a small obsession with VR.

Experience

Secretary & Officer of Educational Affairs

S.A. Proto | Sept 2020 - Present

Full time board at S.A. Proto, the study association of the Creative Technology bachelor and Interaction Technology master programmes at the University of Twente.

Front-end Web Developer

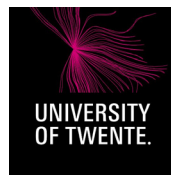

Fledge Solutions | Oct 2018 - Present

Part of an enthusiastic team working on a web application expanding and modernizing the Fledge ERP software. The application is built in PHP using the CakePHP framework and an OData API.

Teaching Assistant

University of Twente | Sept 2019 - Present

As a teaching assistant (TA), I aid students with subjects I have already passed. So far I have been a TA at the following courses of the Creative Technology BSc programme. I mostly help in the Programming courses.

Skills

Programming (Javascript, PHP, C#, Python, Arduino),
Software (JetBrains IDEs, Unity, Illustrator, InDesign, Blender),
Creative problem solving, Communication, Design, Teamwork,
Independence, Flexibility, Listening, Attention to detail,
Positivity, Patience, Efficiency, Enthusiasm!
